JULY - DECEMBER 2025

Message From The Executive Director

-Tang Meng Loon

Dear Valued Members,

The first half of 2025 has been a meaningful and eventful journey for Horizon Hills Golf & Country Club, marked by notable milestones and proud moments. We are honoured to have been named Malaysia's Best Golf Course at the prestigious IAGTO Awards 2025, presented during the 11th Asia Golf Tourism Convention (AGTC) in Danang, Vietnam. This recognition reflects our team's dedication to delivering exceptional golfing experiences. Over the past six months, the club also played host to several successful events, including the GL Friends Golf Tournament 2025, our own annual Golf Tournament, and The Athlete Management Solution Swimming Meets, all of which fostered camaraderie, healthy competition, and community engagement.

In line with our continued efforts to enhance the member experience, we are pleased to have completed the upgrading work of our Golf Changing Rooms, VIP Room, and Surau. These upgraded facilities have been designed to offer a refined, comfortable, and welcoming environment — a true reflection of Horizon Hills' commitment to excellence both on and off the course.

Looking ahead, we are excited about the next six months as we continue to elevate our service standards, improve amenities, and introduce fresh initiatives to engage our golfing and social community. Thank you for your continued support, and we look forward to creating more memorable experiences with you in the months to come.

Horizon Hills Unveils Major Course Enhancements

January-June 2025 Fairway & Bunker Upgrades

At Horizon Hills Golf & Country Club, our commitment to delivering a world-class golfing experience continues to take centre stage. From January to June 2025, the Club undertook a significant course enhancement project, focusing on comprehensive upgrades to fairways and bunkers across several key holes. These works not only improve playability but also elevate the overall aesthetic and long-term sustainability of the course.

Fairway Sand-Capping: A Game-Changer for Turf Health and Playability

Persistent soggy patches and water retention have long posed a challenge on several fairways. To address this, strategic sand-capping works were carried out on holes 2, 11, 12, 13, 14, and 15—spanning areas of 100 to 200 metres. The process involved excavating compromised turf, installing modern drainage systems, backfilling with high-quality sand, and re-turfing the surfaces. This upgrade significantly improves surface drainage, ensuring firmer fairways and better ball roll—even during wet conditions.

Bunker Renovations: Redefining Precision and Visual Appeal

In tandem with the fairway works, extensive bunker renovations were executed on over 10 holes including 2, 3, 4, 8, 11, 13, 16, and 17. From reshaping and re-edging to replacing old drainage and topping up with fresh bunker sand, every detail was carefully considered. Zoysia turf was introduced around many bunkers for a more premium finish and improved slope stability. Key problem areas prone to ponding—such as the 7th and 16th bunkers—now feature improved drainage and refined shaping to prevent future waterlogging.

A Better Experience Awaits

These upgrades mark a bold step in Horizon Hills' ongoing journey to be one of Malaysia's top golfing destinations. With enhanced turf quality, improved bunker conditions, and better all-weather playability, members and guests can look forward to an even more enjoyable and competitive golfing experience.

We thank our members for their patience and continued support throughout this improvement phase. Here's to smoother swings and better rounds at Horizon Hills Golf & Country Club!
